

24. Early Learning Opportunities Statement

EYFS: 1.1 – 1.17, 2.1-2.6, 3.1, 3.20, 3.27, 3.59, 3.68, 3.80

At La Petite Academy we promote the learning and development of all children in our care. We recognise that each child is an individual and our high qualified staff consider their needs, interests and development to plan a challenging and enjoyable experience across the seven areas of learning and development. Our staff guide and plan what children learn reflecting on the different rates at which they develop and adjust practice appropriately.

We provide a positive inclusive play environment for every child, so they may develop good social skills and an appreciation of all aspects of this country's multi-cultural society. We plan learning experiences to ensure, as far as practical, there is equality of opportunity for all children and a celebration of diversity.

We maintain a personalised record (Tapestry) of every child's development, showing their abilities, progress, interests and any areas requiring further support.

For children whose home language is not English, we will take reasonable steps to:

- Provide opportunities for children to develop and use their home language in play and learning and support their language development at home; and
- Ensure that children have sufficient opportunities to learn and reach a good standard in English language during the EYFS, ensuring that children are ready to benefit from the opportunities available to them when they begin year.

We ensure that the educational programmes are well planned and resourced to have depth and breadth across the seven areas of learning. They provide interesting and challenging experiences that meet the needs of all children. Planning is based on a secure knowledge and understanding of how to promote the learning and development of young children and what they can achieve.

We implement the Early Years Foundation Stage (EYFS) set by the Department for Education that sets standards to ensure all children learn and develop well. We support and enhance children's learning and development holistically through play-based activities. We review all aspects of learning and development and ensure a flexible approach is maintained, which responds quickly to children's learning and developmental needs. We develop tailor-made activities based on observations which inform future planning and draw on children's needs and interests. This is promoted through a balance of adult-led and child-initiated opportunities both indoors and outdoors.

Assessment is an integral part of our practice; we carry out ongoing assessment (formative) through daily observations and ensure that this does not take us away from interacting with the children.

Direct observation is supplemented by a range of other evidence to evaluate the impact that practitioners have on the progress children make in their learning including:

- Evidence of assessment that includes the progress of different groups of children:
 - assessment on entry (starting point), including parental contributions
 - two-year-old progress checks (where applicable)
 - on-going (formative) assessments, including any parental contributions, such as on Tapestry
 - the Early Years Foundation Stage Profile (where applicable) or any other summative assessment when children leave.

We acknowledge parents as primary educators and encourage parental involvement as outlined in our Parents and Carers as Partners policy. We build strong home links to enhance and extend children's learning both within the nursery environment and in the child's home and have regular meetings with parents to keep them up to date with their child's progress. Parents are invited to make an appointment to see their child's key person at any time to discuss their child's progress.

We share information about the EYFS curriculum with parents and signpost them to further support via the following website: <https://foundationyears.org.uk/>

Gun and Superhero Play

We support all children's interests to further develop their play, learning and development, including the use of gun and superhero play, in line with the EYFS requirements and our Quality Provision policy, Early Learning Opportunities statement and Behaviour policy. Children will often take part in gun and superhero play to make sense of the world around them. They may develop this interest from:

- Watching their favourite movie or TV characters involved in physical battles with weapons
- Witnessing an older sibling or parent playing an online game with weapons
- The child's parent working with guns as part of their professional job role
- First-hand experience of witnessing or involvement in traumatic experiences.

The benefits of supporting gun and superhero play are:

- Supporting children to follow their interests
- Developing imagination
- Resolving conflicts
- Building self-esteem
- Language development
- Supporting emotional development by making sense of their experiences
- Developing physical skills.

We believe all children should be free to follow their play in a safe environment with adults who can positively support their play. We implement the following procedures to ensure that this type of play is appropriately supported:

- Ensure staff give the same positive praise for children engaged in gun and superhero play as they do for children engaged in other activities
- Engage with children and agree rules for gun and superhero play so everybody can play safely
- Allocate an agreed zone for this type of play so children who do not want to get involved can play undisturbed
- Use superhero play to tell stories

- Look at real life heroes who help the children. Talk about what makes somebody a hero. Create our own display of heroes in the children's lives
- Include action figures and capes (e.g. squares of material) in our continuous provision. Ask parents for donations of unwanted superhero costumes
- Talk about conflict resolution (age and stage appropriate) and different solutions for solving conflicts
- Be sensitive to the needs of children and families who may have experienced trauma, seeking the support of external professionals if needed.

This policy was adopted on	Signed on behalf of the nursery	Date for review
